Background Information:

.Sister to Teathertress, she was born in Goodlund. Her parents were wanderers, and so she and her sister were raised all over Krynn. They were seperated on the docks and the two girls ended up on a boat headed for the mysterious missing continent of Taladas. Here they met up with another kender named Feathertouch. Together they managed to upset the captain and crew, and as a result were left to fend for themselves in the hold. When land was finally sighted they were put off at the first landfall. Several days later, being kender, they found themselves tossed into the dungeon of the dwarven port city HighRock. It had something to do with a shiny thing that Feathertouch had taken for safekeeping.
